

# WHAT EVERY SAVVY TRAVELER, ECOTOURIST, AND BELIZE BOUND CLIENT SHOULD KNOW!

*Why assume you do better booking direct?  
Individual properties cannot see the entire picture...*

## IT HAPPENED AGAIN...

You're considering another once in a lifetime vacation, this time possibly to Belize and you've begun the background research and your hoping you can book direct and save money.

## BUT THE REALITY IS...

It is a very time consuming matter, and your not always 100% sure if you should: stay two or three nights at a destination; rent a car; take a commuter flight; book the lodge closest to the ruin; secure a condo or a hotel room; or cave tube or canoe.

We provide you with customized service to fit your budget and your individual needs, we *listen* to your desires and create a Belize trip suited just for you. If you're working with us we provide detailed information and arrange items such as:

*Specific arrival & departure times for meet & greets,  
Travel times between destinations (mode & condition),  
Activity levels (high impact vs. easy),  
Descriptions of properties booked (i.e. waterfront),  
Arrangement of activities (when, alternative ones, etc.),  
Assistance with special diets (vegetarian, no salt, etc.),  
Specific requests (realtor meeting, orchid tour, etc)*

## OUR BELIZE CONSULTANTS OR NUMEROUS EMAILS TO/FROM BELIZE LODGES.....

We spent years developing our contacts and have developed Belize insider knowledge that is priceless. We are your travel advocates, working for your benefit. You always work with the same expert who knows your taste, respects your budget and makes suggestions

compatible with your idea of a perfect vacation. We are here before, during, and after your vacation to handle any issues that may arise.

## THE COSTS OF BOOKING DIRECT

Doing research on the internet is a great way to start planning your trip, but it's not the best way to guarantee great service, or the best deal. Comparing the different areas there are to visit in Belize alone can be a time consuming process let alone comparing other tour companies, day trips, modes of transportation, and accommodations. What is it worth to you to have more leisure hours to do what really matters to you and to have your questions answered quickly by a Belize expert?

***When planning your Belize trip why not enjoy the experience and benefits of working with an expert at Beyond Touring and discover why savvy travelers turn to us for their Belize vacations.***
